

Universal Mounted Units

FEATURES

- Cooling & Heating
- Environmentally friendly refrigerant
- Quick, easy installation
- Multidirectional airflow
- Washable air filter
- Easy to use remote control
- Quiet operation

Universal Ceiling/Floor Mounted Units are slim, lightweight and extremely quiet in operation and can be installed to either ceiling or floor. The swing louvers create a steady flow of air over a wide area making this type of system economical and effective. Due to their design, Universal Mounted Units are installed quickly and easily.

Available in cooling only or heat pump versions, operated by either infrared or wall mounted hard wired remote control which can be located anywhere within the room enabling complete temperature, fan speed and operating mode adjustment.
